LETTER FROM THE PRESIDENT

SHARON MURRILL

“YOUR SUCCESS IS OUR BUSINESS”

WELCOME TO THE SOUTHWEST MOBILE COUNTY CHAMBER OF COMMERCE

I hope you all were able to attend the September Luncheon and enjoy David Clark’s presentation on the many great things happening in Mobile, including Tillman’s Corner. We are excited about the opportunities and growth that will take place as well as the impact it will have in our area.

The SouthWest Mobile County Chamber hosted its annual Sporting Clay Shoot Fundraiser for the TALL Program on Friday, September 13th. The Chamber partnered with Taylor Creek Sporting Clays to host this event and we are excited to see a growth in participation from last year’s fundraiser. This is amazing news as proceeds from the event go towards scholarships for the twelve students currently participating in the TALL Program. I would like to personally thank our sponsors, shooters, donors, and Chamber staff for making this event successful!

The highly anticipated Alabama vs Auburn Food Drive kicks off on October 1st. All of the items collected are used for our Thanksgiving boxes that are prepared for the less fortunate families in our area. The Chamber staff goes through local schools to ensure the children who would otherwise go without have meals to eat over the Thanksgiving holiday. If you are interested in participating, there are many ways to give: some organizations collect items at work and donate them to the Chamber, others make monetary donations so the Chamber staff can purchase the most needed items, and many individuals bring donations to the October Luncheon. A list of the accepted donation items can be found online. We ask that all donations be turned in by Tuesday, November 19th.

Our Monthly Business Luncheon will be held on Wednesday, October 2nd. This month’s sponsor is Southern View Media; we are grateful for their continued support of our organization. We will have Custom Catering by Stephanie, who is new to the Chamber, catering the meal for our attendees. Please remember to reserve your seat by Monday, September 30th if you plan to attend.

We are also excited about our upcoming Guns and Gear Giveaway Fundraiser when 10 guns and 10 gear items will be given away over 10 days. The proceeds from this fundraiser will also benefit our TALL students. Tickets are on sale now for \$50.00 per ticket and can be purchased online or in the Chamber Office. Beginning November 1st, a ticket will be drawn each day, through November 10th, and the winner will be announced on Facebook. The winning ticket will be placed back in the drawing so everyone purchasing tickets has the opportunity to win more than one item.

As we get closer to the holidays, we hope you will take advantage of your partnership with the SouthWest Mobile County Chamber and use us as a resource to promote and grow your business. Partner involvement is paramount to our success, so we encourage all our representatives to get involved, attend events, and take advantage of upcoming networking opportunities. “YOUR SUCCESS IS OUR BUSINESS”

Expanding Opportunities: Networking is not just about exchanging business cards; it's about building relationships that can lead to job offers, partnerships, and mentorship. Many positions are filled through referrals, highlighting the power of personal connections. By attending industry events, joining professional associations, or participating in online forums, you increase your visibility and access to potential opportunities.

Knowledge Sharing: Engaging with a diverse network allows for the exchange of ideas and best practices. Discussions with peers can spark innovation and provide new perspectives on challenges you may face. Learning from others' experiences can save time and resources, making networking a valuable investment in your career development.

Building a Support System: Networking fosters a sense of community. A strong network can provide support during challenging times, offering advice, encouragement, or even just a listening ear. These relationships can be crucial in navigating the complexities of your career or industry.

Enhancing Personal Brand: Effective networking can help establish and enhance your personal brand. By consistently engaging with your network, sharing insights, and showcasing your expertise, you position yourself as a knowledgeable resource in your field. This visibility can lead to increased recognition and credibility.

Networking is a vital component of professional success. It opens doors to new opportunities, facilitates knowledge sharing, builds support systems, and enhances personal branding. By actively investing in your network, you not only contribute to your own success but also to the growth and development of those around you. Start building those connections today—your future self will thank you.

BUSINESS OF THE MONTH

Since 2013, it has been our mission to enable students to overcome individual learning differences in a Christian environment to achieve their full potential.

Bright Academy is the only full-day school program on the Alabama Gulf Coast that specializes in Dyslexia education for 1st-8th grade. Bright Academy offers a rich and challenging curriculum for dyslexic children in a Christian environment. Our class sizes are small which enables a better teacher/student ratio. At Bright Academy, we assess the students' weaknesses as well as strengths to determine a starting point in all the instructional areas and set educational goals for them each year.

Each child is unique in their abilities and is challenged accordingly. Our goal for the students is for them to become independent, successful, and competent learners both inside and out of the classroom. At Bright Academy, the accent is on the positive. Students find the pleasure of working with other bright and talented dyslexic kids like themselves. We encourage students to discover their talents and develop their own learning styles. We are here to create future leaders one child at a time.

FIRST RESPONDER SPOTLIGHT

THANK YOU FOR YOUR SERVICE

Congratulations to Officer Shannon Gurley from the Mobile Police Department Precinct II on being selected as the Officer of the Month. Officer Gurley was recognized for his accomplishment at our Business Luncheon on Wednesday, September 4th, 2024. The SouthWest Mobile County Chamber of Commerce would like to say thank you for your outstanding efforts and continued commitment to our community! He is pictured to the right, alongside Captain Matthew James and Century Bank Representative Jason Prater.

Detective Jordan Towery was also recognized for his efforts on Wednesday, September 4th by being named the Deputy of the Month. The Chamber would like to thank him for making the sacrifices he has to protect others in our community. Deputy Towery is pictured to the left with Chief Deputy Andrew Peak and Jason Prater, who is a representative of Century Bank. We would also like to thank Sheriff Paul Burch for his continued support of this recognition program. The Chamber is proud to have the opportunity to recognize local first responders and greatly appreciate those who help make this recognition possible.

In addition, the SWMCC would like to commend Firefighter Nick Lamb of the Theodore Dawes Fire Rescue for his exceptional work. Lamb was recognized on September 4th as our Firefighter of the Month for his faithfulness to serve and protect our community. He is pictured to the right with Chief Deputy Andrew Peak of the Mobile County Sheriff's Office and Chief Frank Byrd of the Theodore Dawes Fire Rescue. The Chamber is honored to have the opportunity to show appreciation towards these individuals for their bravery and dedication to our city. We appreciate the efforts of all three departments as well as their leadership for continuing to support the SouthWest Mobile County Chamber and its partners.

BROUGHT TO YOU BY

The SouthWest Mobile County Chamber of Commerce would like to thank Century Bank for sponsoring our Officer of the Month and Deputy of the Month Programs. We so appreciate their willingness to continuously recognize such outstanding members of our community. "Century Bank is a proud member of the communities we serve. Our involvement in extracurricular activities, fund raisers, organizations and other local events is a priority for directors, officers and employees of Century Bank."

The SWMCC would also like to thank the Mobile County Sheriff's Office for sponsoring our Firefighter of the Month Program. Sheriff Burch and his team are always willing to step up and help show appreciation to local first responders. "With three decades in law enforcement, he has served in several roles including uniformed patrol, general investigation, homicide investigation, and narcotics/VICE investigation. These accomplishments highlight Paul's dedication to serving the citizens of Mobile in a professional, respectful, and trustworthy manner." Without partners like Century Bank and the Mobile County Sheriff's Office, the Chamber would not be able to impact the SouthWest Mobile County Area as it has.

Have you ever considered asking yourself why you chose to be a leader?

It can be demanding of time and commitment. Have you ever asked why you want to stand up and stand out in your day-to-day actions? Is it for self-gratification, self-promotion, or an actual feeling of happiness to truly bless someone? People do things for many different reasons. I have had this conviction in my life to be a leader for a long time, even as a small child. It was always instilled in me to strive to live my life to its full potential but to use my talents to bless others and inspire them to be better individuals. I love helping people better themselves by encouraging them to become responsible for their actions, act as good citizens, and be smarter decision-makers all while learning to educate themselves for future endeavors. This is hard because of the many distractions we all have in our lives. I am grateful for the leaders we have in this organization, in our city, and in our country. As we prepare to cast our votes in November, how do you decide on the leaders you will choose: is it by their actions, the lifestyle they live, or is it because of your conviction of a party? The role of a president has taken on many challenges but the choices they make determine the kind of leader they will become. People in our nation's history have fought the real fight and paid a price for us and our freedoms. Are you making choices today that someone years from now will be able to say thank you for fighting the fight for them to have a better future? I am not here to tell you who to cast your vote for, but I do want to encourage you to consider the things you hear and ask yourself, have they performed to their full potential, do they carry the standard in which you live?

This is a challenge I struggle with daily. The memory of your legacy might fade away like others have in the past but make sure you set yourself up with the expectation that you are capable of making changes that not only impact your own life but the lives of others. Take it one day at a time but be intentional, stay relevant, and don't let your passions fade. Being a great leader is a journey of continuous learning and growth. It's someone who thrives on embracing challenges, seeking feedback, fostering connections, and cultivating an understanding of the knowledge you have been taught. Be that leader who does extraordinary things! I am challenging myself to do extraordinary things while keeping focused on my own goals through developing a mindset, behaviors, and relationships that allow me to take on challenges and opportunities. I never want to think about what I can get out of something, but how can I do better and make someone else's life better? When you develop the mindset that others are going through situations that are greater than your own you realize that helping others makes your challenges seem less relevant. It is the lesson of you reap what you sow. You sow goodness, you reap the good things in your own life. This biblical principle works in every aspect of life and in work circumstances as well. We typically all seek to be with others who are like us, but thinking outside of the box and helping your neighbor can take only a few minutes a day and

yet can change your whole life's perspective. Where we focus our attention is where we focus our time, where we spend our money is what we make our focus. This cultural decline has created a society that looks out for number one. Make sure you can impact someone in your life today by being an influencer of doing good and thinking more of those around you. My focus during this election is to pray and seek leaders that align with my beliefs. This challenge has become difficult for some, but I encourage you to always educate yourself with each candidate and challenge your representatives to stand strong and continue to be the type of leader our nation was founded on so many years ago.

T.A.L.L PROGRAM

The SouthWest Mobile County Chamber of Commerce makes instilling leadership skills into today’s youth a top priority. The Chamber has a Student Scholarship Program for high school seniors called the Tillman’s Corner Area Learning Leadership (T.A.L.L.) Program.

On Monday, September 23rd, our TALL Students had the opportunity to tour the University of South Alabama. We would like to thank University President Jo Bonner and Executive Vice President and Provost Dr. Andrea Kent for taking the time to speak to our students about the importance of planning for their future. This was a great experience for our students to learn what programs South Alabama has to offer, tour the College of Engineering, speak with current collegiate students about their experiences, as well as view exciting campus amenities like Hancock Whitney Stadium and the PizzaForno automated pizzeria!

Would you or your business like to partner with the SouthWest Mobile County Chamber of Commerce to provide scholarships for our 2024-2025 students? To support these students on an individual level, we encourage you to participate in our Annual Guns & Gear Giveaway Fundraiser. For businesses that are interested in supporting the program, please reach out to a member of the Chamber staff for more information on how to become a sponsor.

Applications for 2025-2026 high school seniors will open in February of 2025. Digital applications can be found at www.swmcchamber.com and paper copies are available in the Chamber Office. If you know a current high school junior who would be a great fit for the program, please be sure to share this information with them!

THE REAL ESTATE CORNER

Theodore-headquartered aluminum boat builder, Silver Ships, Inc., announced in September their opening of a second location. The new manufacturing warehouse is situated about a mile from the company's original 95,000-square-foot facility. The new site adds 16,500-square-feet of manufacturing space and 18,500 square-feet of outfitting space above and beyond the original facilities. "Adding a second manufacturing location is a natural progression of our team's work to support the growing workboat segment,"

Steven Clarke, Silver Ships CEO said. The new footprint will serve as a metal warehouse and hold the design and engineering departments. Silver Ships will transport materials to the new locale this month to begin the build-out process, and anticipates hiring more employees during development.

Locally owned Fast Trak DPF recently announced their official grand opening at its 1,800-square-foot diesel particulate filter (DPF) cleaning service center, located at 6221 Sperry Road in Theodore. The company specializes in treatment plans for diesel-powered vehicles and heavy equipment to ensure efficient engine performance, reducing the risk of expensive emission component damage. "The busy travel season brings increased traffic and construction projects, making our services particularly relevant, considering the increased attention to air pollution and environmental sustainability," the company announced in a prepared statement.

The Mobile Airport Authority (MAA) recently announced that it was awarded a little over \$7.5 million through the Bipartisan Infrastructure Law Airport Infrastructure Grant program. The funds will support the ongoing development of the Mobile International Airport located at 2455 Michigan Ave. "The new terminal is key to accommodating future growth and driving economic development in the region. We're excited about our partnership with the Federal Aviation Administration, as we continue to work towards the completion of our transformative project." Chris Curry, MAA president said.

Three merchant storefronts found on St. Louis Street in Downtown Mobile are now actively on the market with a total asking price of \$3.7 million. Located on the same city block, the properties collectively encompass some 5,000-square feet of space. Birmingham-based commercial real estate operator Shannon Waltchack is managing the deal. The listings are all local businesses and include The Cheese Cottage, BoHayden's and Wingman Brewing Company.

The new South Alabama Family Care Walk-In Clinic, found at 10067 Grand Bay Wilmer Road South, Suite 100 in Grand Bay, officially opened its doors last month. The facility is an expansion of South Alabama's primary clinic. Five years in the making, the care center will be open 7 days a week and is fully staffed. "We get people from Mississippi, Bayou La Batre and Irvington coming to Grand Bay. It's pretty convenient rather than going to Mobile," Nurse Practitioner Parath Knight said.

Ruston, Louisiana-based Origin Bank opened its 1,900-square foot Financial Center at the corner of Du Rhu Drive and Dauphin Street in September, and this is the bank's first office in Mobile. "Our entry into South Alabama and Florida earlier this year was a significant step in our long-term growth strategy," Drake Mills, chairman, president and CEO of Origin said. The center offers personal and business banking, commercial lending and treasury management.

SSAB announced a \$12-million upgrade project at its steel mill in Axis last month. The investment will enable SSAB Alabama to extend its existing furnace and upgrade shot blasting equipment to increase its quenching and tempering (QT) capacity by 30,000 metric tons - an increase of about 10 percent. Operations for the upgrade are expected to begin by fourth quarter 2025.

TIPS FOR TRANSITIONING BACK TO SCHOOL:

- Revisit your school-day routines and embrace structure.
- Get your child back into nightly reading if that has stopped over summer break.
- Set up a time for your child to reconnect with some classmates from school.
