Mission:

SouthWest Mobile County Chamber believes in encouraging & cultivating young people in our area to make a positive difference in their community. Through this program, we will offer experiences to empower selected participants to emerge as leaders and trustees of our community.

About:

TALL is a community leadership development program of the Southwest Mobile County Chamber of Commerce. It is an 8 Month program beginning in September and ending in April with a graduation ceremony. The program is designed to inform, motivate and increase the awareness of each participant through interaction with community leaders, training seminars, field trips, and volunteering for various community events. TALL Program participants receive first-hand knowledge of local economic, political and social issues impacting the community. They will garner leadership skills by building relationships with peers and community leaders, broaden their awareness of community needs, and learn what it takes to become a consensus builder and effective decision-maker. Our goal is to celebrate student achievement and to instill a genuine concern for and commitment to help shape our community. After graduating from the program, these students are prepared to put their talents to work and take on future leadership opportunities. TALL students are chosen through an application process and selection is based upon academic performance, school activities and community involvement. This program is a gateway to our scholarship process and all students must enroll and complete the T.A.L.L. Program to be eligible for scholarships.
